'I had a quick look and yes My great grandparents [], my Grandfather [] and family are listed as connected with Magill St. I remember the Sandhills and only bush at the end of Magill St they say that's history. A big thank you to those who have put the history of this area in writing. I have read pages 37/38 - 1883 4 Magill St and it fits in with when I researched my ancestors and also what my mother told me about her life living in Magill St. What an ending to 2020 a book that has me smiling'
